The Honorable Shri Narendra Modi
Prime Minister of the Republic of India

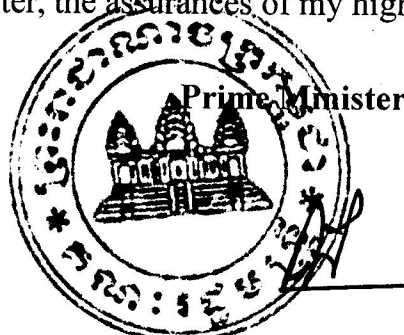

Excellency Prime Minister,

On behalf of the People of the Kingdom of Cambodia and on my own behalf, I would like to warmly congratulate India and Your Excellency on the auspicious occasion of the inauguration of interim Secretariat of the International Solar Alliance (ISA) and the laying of foundation stone of the ISA building in National Institute of Solar Energy in Gurgaon, Haryana, India.

We highly appreciate India's and France's initiative to establish this important international institution which can potentially play a key role in strengthening energy security, improving living standard, and reducing greenhouse gases emission in solar resource rich countries. Cambodia strongly supports the cooperation within ISA framework to promote the development and deployment of affordable climate-friendly and solar energy technologies in order to strengthen our energy security and support sustainable development while at the same time participate in the global effort to address climate change.

I am confident that with the strong support and facilitation of India, the International Solar Alliance will be able to promote mutual benefits for the member countries and the global climate.

Please accept, Excellency Prime Minister, the assurances of my highest consideration.

Samdech Akka Mōha Sena Padei Techo HUN SEN
